

AGENDA

Ruckersville Advisory Committee

Tasked with a mission of tracking progress on recommendations of the Plan and following up with responsible parties

August 8, 2019

7:00 pm - 8:00 pm

Four Seasons Clubhouse

1. News/reports/updates [20 minutes]:

- a. From Planning Dept. (Zoning Audit RFP out?)
- b. From Economic Development & Tourism (Additional info about sign placement in Rt. 29?* Report on progress toward new Tourism Center--this pertains to ED-5 in the Ruckersville Area Plan.
- c. Feedback from BOS Chair Bill Martin on the Citizen's Academy (via Jay): *He was pleased to know that the Ruckersville Committee would be pondering this, though he noted that it makes most sense for any Citizens' Academy to be open to all Greene County residents, not just those in Ruckersville. Very enthusiastic about the idea. He suggested pushing RAC's discussion to 2020 because the new County Administrator should be a significant participant in this matter, but he has other things that need more immediate attention.*
- d. Other items from anybody? *This is the chance for members to bring up any random items relevant to RAC that have been on their minds.*

2. Solidification & clarification of purpose of the "low-hanging fruit" subcommittee, consisting of Patrick, Diane and Jim [10 minutes]

3. Determination of next series of foci for RAC [30 minutes]. Notably, the Ruckersville Area Plan contains these four items listed as "immediate" or "short term" priorities that we have not yet considered: (1) Disrepair remediation "to identify and remediate properties in disrepair," as described in C-1; (2) Housing partnerships aimed at creating affordable housing options, as described in C-6; (3) Additional parkland, as described in C-8; (4) And T-1, T-2 and T-3 -- see paragraph below.

*Our discussions thus far about the Rt. 29 median have brought us into T-1 in the Ruckersville Area Plan. See the three steps listed in T-1, which include a formal median maintenance agreement with VDOT to be approved by the BOS. (Also, T-2 pertains to the timing of traffic lights on Rt. 29. Should this be a RAC matter? Ditto for T-3, which is "Develop Bike and Pedestrian Recommendations." T-1, T-2 and T-3 are listed as "immediate" or "short-term" on the plan's timeline.)
